QUALITY™

LIEBE BESUCHERINNEN UND BESUCHER,

herzlich willkommen zur IAA TRANSPORTATION 2024 in Hannover, der führenden Plattform für Logistik, Nutzfahrzeuge und Transport.

Unter dem Motto „People and Goods on the Move“ richtet die IAA TRANSPORTATION ihren Fokus auf die technologische Transformation des gesamten Transports und der Logistik hin zur emissionsfreien Mobilität. Erleben Sie hier auf dem Gelände die ganze Innovationskraft der Branche mit faszinierenden Weltpremieren und spannenden Diskussionen zu den Transport- und Logistiklösungen, die die Mobilität von morgen prägen werden. Vernetzen Sie sich mit Branchenexperten aus der ganzen Welt und testen Sie die neuesten Fahrzeuginnovationen.

Vor allem aber: Informieren Sie sich über die aktuellen Entwicklungen der Elektrolade-, Stromnetz- und Wasserstoffinfrastruktur, beim autonomen Fahren, von KI-, Service- sowie digitalen Softwarelösungen im Transport- und Logistiksektor und lassen Sie sich davon inspirieren. Freuen Sie sich auf spannende Einblicke, gute Gespräche und neue Begegnungen.

Ihre

Hildegard Müller
VDA-Präsidentin

DEAR VISITORS,

Welcome to IAA TRANSPORTATION 2024 in Hannover, the leading platform for logistics, commercial vehicles, and transport.

With the motto “People and Goods on the Move”, IAA TRANSPORTATION focuses on the technological transformation of transportation and logistics on the road toward emission-free mobility. Experience the complete innovative potential of the industry with fascinating world premieres and exciting discussions on transport and logistics solutions that will shape the mobility of tomorrow. Connect with industry experts from around the world and test out the latest vehicle innovations.

Above all: Learn about and be inspired by current developments in electrical charging, power grid, and hydrogen infrastructure; autonomous driving; as well as AI, service, and digital software solutions in the transport and logistics sector. Get excited for exhilarating insights, good conversations, and networking opportunities.

Sincerely,

Hildegard Müller President of the VDA

Die IAA TRANSPORTATION ist die führende Leitplattform für Logistik, Nutzfahrzeuge und den Transportsektor. Im Zentrum steht dabei die Präsentation von nachhaltigen Transport- und Logistiklösungen. Vernetzen Sie sich beim Konferenzprogramm der IAA Conference mit Branchenexperten, die auf mehreren Bühnen die verschiedenen Aspekte des globalen Transports und der Logistik der Zukunft diskutieren.

Nutzen Sie beim Erlebnisformat IAA Experience die Chance, emissionsfreie Fahrzeuge persönlich zu testen. Besuchen Sie auch unsere Networking- und Interview Area sowie unsere Fachveranstaltungen zu bestimmten Fokusthemen. Am Wochenende bietet die IAA TRANSPORTATION Ihnen zudem ein Programm für die ganze Familie.

IAA TRANSPORTATION is the leading platform for logistics, commercial vehicles, and the transport sector. At the forefront is the presentation of sustainable transport and logistics solutions. Network with industry experts who will discuss the various aspects of global transport and logistics of the future on multiple stages during the IAA Conference.

Take advantage of the interactive nature of the IAA Experience to personally try out emission-free vehicles. Visit our Networking and Interview Area as well as our expert events on specific focus topics. IAA TRANSPORTATION will also host a program for the whole family over the weekend.

AUSWAHL UNSERER SPEAKER

Karin Rådström
CEO, Mercedes-Benz Trucks

Arnd Franz
Chairman of the Management Board and CEO, Mahle GmbH

Claudio Zanframundo
President Thermo King EMEA, Trane Technologies

Dan Priestley
Sr. Manager Semi, Tesla

Dr. Stefan Hartung
Chairman of the Board of Management, Robert Bosch GmbH

Das Konferenzprogramm der IAA Conference ist inhaltlicher Impulsgeber rund um die nachhaltigen, sozialen, technischen, ökonomischen und politischen Aspekte des globalen Transports und der Logistik. Erleben Sie hier internationale Stakeholder, Visionäre und politische Entscheider aus der ganzen Welt, die auf mehreren Bühnen die Herausforderungen unserer Zeit diskutieren und Ihre Lösungen und Visionen für den globalen und regionalen Transport der Zukunft vorstellen. Fokusthemen sind dabei der Ausbau der Elektrolade-, Stromnetz- und Wasserstoffinfrastruktur, autonomes Fahren, KI-, Service- und digitale Softwarelösungen, der öffentliche Verkehr, die Innenstadtlogistik sowie Visionen zur urbanen Logistik. Der direkte Austausch mit dem Publikum, das Netzwerken untereinander und die Diskussion über die Transformation der Branche sollen dabei im Mittelpunkt stehen.

Freuen Sie sich auf ein hochkarätiges Konferenzprogramm mit zahlreichen C-Level Auftritten von Herstellern, Zulieferern, Tech-Unternehmen und Startups auf der **Main Stage in Halle 18** sowie einem namhaften Ausstellerprogramm auf der **Industry Stage (Halle 24)** und einer **Speakers' Corner (Halle 13)**. Neben der Main Stage befindet sich für Sie außerdem eine großzügige Networking Area mit Kaffeebar und Interview Lounge.

Verpassen Sie keine Highlights!

Hier gelangen Sie zum Conference Programm.

SELECTION OF OUR SPEAKERS

Andreas Schmitz
CEO, Schmitz Cargobull AG

Kim J. Kohlmeyer
Policy Manager E-mobility – Freight – Charging, Transport & Environment

Martin Daum
Chairman of the Board of Management, Daimler Truck AG

Olof Persson
CEO, Iveco Group

Sara Schiffer
Managing Director, hylane

The IAA Conference program lays the groundwork for the sustainable, social, technical, economic, and policy-related aspects of global transport and logistics. Hear from international stakeholders, visionaries, and policymakers from around the world as they discuss today's challenges and their solutions and visions for global and regional transport of the future across multiple stages. The main focus areas are expansion of the electrical charging, power grid, and hydrogen infrastructure; autonomous driving; AI, service, and digital software solutions; public transport; inner-city logistics; and visions for urban logistics. Direct communication with the audience, networking, and discussions about the industry's transformation will be at the forefront.

Get excited for a high-end conference program with numerous C-level appearances from manufacturers, suppliers, tech companies, and startups on the **Main Stage in Hall 18**; a range of big-name exhibitors on the **Industry Stage (Hall 24)**; and a **Speakers' Corner (Hall 13)**. In addition to the Main Stage, there is a large **Networking Area** with a coffee bar and Interview Lounge.

Don't miss any highlights!

Check out the conference program here.

Bei den Test Drives im Rahmen der IAA Experience steht das Erleben, Ausprobieren und Interagieren neuester Innovationen im Mittelpunkt. Diverse Aussteller bieten Ihnen hier begleitete Probefahrten mit den neuesten emissionsfreien leichten und schweren Nutzfahrzeugen aller Fahrzeugklassen auf dem Gelände und auf öffentlichen Straßen an – ganz egal, ob es sich um einen Prototyp oder ein Serienmodell handelt. Dabei können Sie die neuesten Fahrzeuginnovationen vor Ort unter realen Straßenbedingungen testen. So gibt es zum einen eine ca. 2km lange, abgesperrte Teststrecke im Osten des Geländes, bei dem auch Prototypen teilnehmen können.

Serienfahrzeuge mit Straßenzulassung können das Gelände verlassen und öffentliche Straßen für Probefahrten nutzen. Alle Probefahrten starten und enden im Indoor-Abfahrtsterminal, **Halle 11**.

The Test Drives during the IAA Experience are all about experiencing, testing out, and interacting with the latest innovations. Various exhibitors offer accompanied test drives with the newest emission-free light and heavy commercial vehicles from all vehicle classes on the event grounds and public roadways – from prototypes to serial models. This allows you to try out the latest vehicle innovations on site under real road conditions.

For this you will use a 2km, separate test track to the east of the grounds. Prototypes can also be tested here. Street-approved serial vehicles can leave the grounds via the Süd 1 West gate and use public roads for test drives. All test drives start and end in the indoor departure terminal in **Hall 11**.

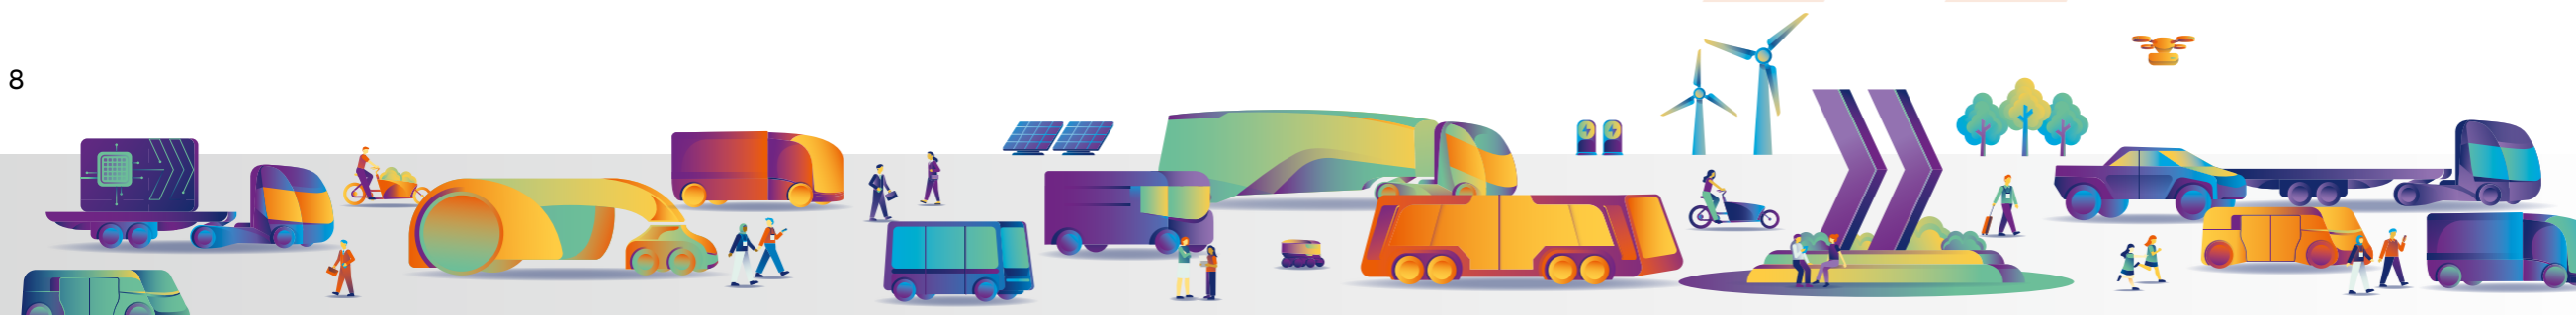

Um nachhaltige Mobilität in der Nutzfahrzeug-, Logistik- und Transportindustrie konsequent umzusetzen und damit die Dekarbonisierung des Verkehrs bis 2050 gelingt, braucht es eine flächendeckende Elektrolade- und Wasserstofftankinfrastruktur.

Doch was braucht die Branche, damit die Pariser Klimaziele erreicht werden können? Zahlreiche Aussteller beschäftigen sich mit dieser Frage und stellen bereits Lösungen auf der IAA TRANSPORTATION 2024 vor. Eine wesentliche Rolle spielen hierbei die verschiedenen Ladestandards. Sowohl das Megawattladen, als auch AC- und DC-Laden sowie die Wasserstoffbetankung sind von großer Bedeutung.

In **Halle 13** finden Sie Aussteller, die sich mit Ladeinfrastruktur und Energieversorgung beschäftigen. In **Halle 24** können Sie sich zu den verschiedenen Themen der Wasserstoffinfrastruktur informieren und mit Fachleuten austauschen.

A comprehensive electric charging and hydrogen infrastructure is required to implement sustainable mobility in the commercial vehicle, logistics, and transport industry so that traffic can be decarbonized by 2050. But what does the industry need in order to achieve the Paris Climate Goals? Numerous exhibitors have been working to answer this question and will be presenting their solutions at IAA TRANSPORTATION 2024. The various charging standards will play a key role here, as will megawatt data, AC and DC charging, and hydrogen refueling.

Hall 13 will house exhibitors working on charging infrastructure and energy supply. You can discuss various aspects of hydrogen infrastructure with experts in **Hall 24**.

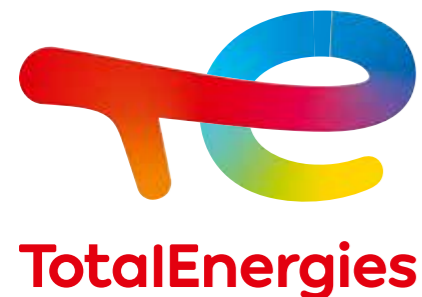

E-Mobilität im Transportsegment.

Besuchen Sie uns in Halle 12,
Stand-Nr. CO2!

Wir entwickeln mit Ihnen
Lösungen für nachhaltige
Transportwege.

Cargobikes leisten im urbanen Raum einen großen Beitrag zur CO²-Reduzierung und Dekarbonisierung auf der letzten Meile. Auf dem Cargobike Parcours können Sie deshalb die neuesten Fahrzeuginnovationen testen. Dabei sorgen in **Halle 13** verschiedene Hindernisse und Elemente im Verlauf des abgesperrten Rundkurses für Testbedingungen, die realen Straßenbedingungen nachempfunden sind. Darunter Kopfsteinpflaster, Temposchwellen, Bordsteinauffahrten, Steigungen und Gefälle sowie Kies- und Schotterüberfahrten.

Dazu wird auf der IAA TRANSPORTATION am 19. September auch der „International Cargobike of the Year“ Award verliehen. Dabei bewertet eine internationale Jury, bestehend aus Fachjournalisten, Wissenschaftlern und Branchenexperten die innovativsten Cargobike-Modelle in den Kategorien „Light Cargobikes“, „Heavy Cargobikes“ und „Cargobike Trailer“.

Cargobikes are playing a major role in the decarbonization and CO² reduction in the last mile in urban spaces. You can use the Cargobike Parcours to try out the latest vehicle innovations. In **Hall 13** Various obstacles and elements will be placed in the test track to simulate real road conditions, including cobblestones, speed bumps, curb ramps, inclines and dips, and sections of gravel and grit.

The International Cargobike of the Year Award will also be issued at IAA TRANSPORTATION on September 19: An international jury of journalists, scientists, and industry experts will give out awards for the most innovative cargobike models in the categories „Light Cargobikes“, „Heavy Cargobikes“, and „Cargobike Trailers“.

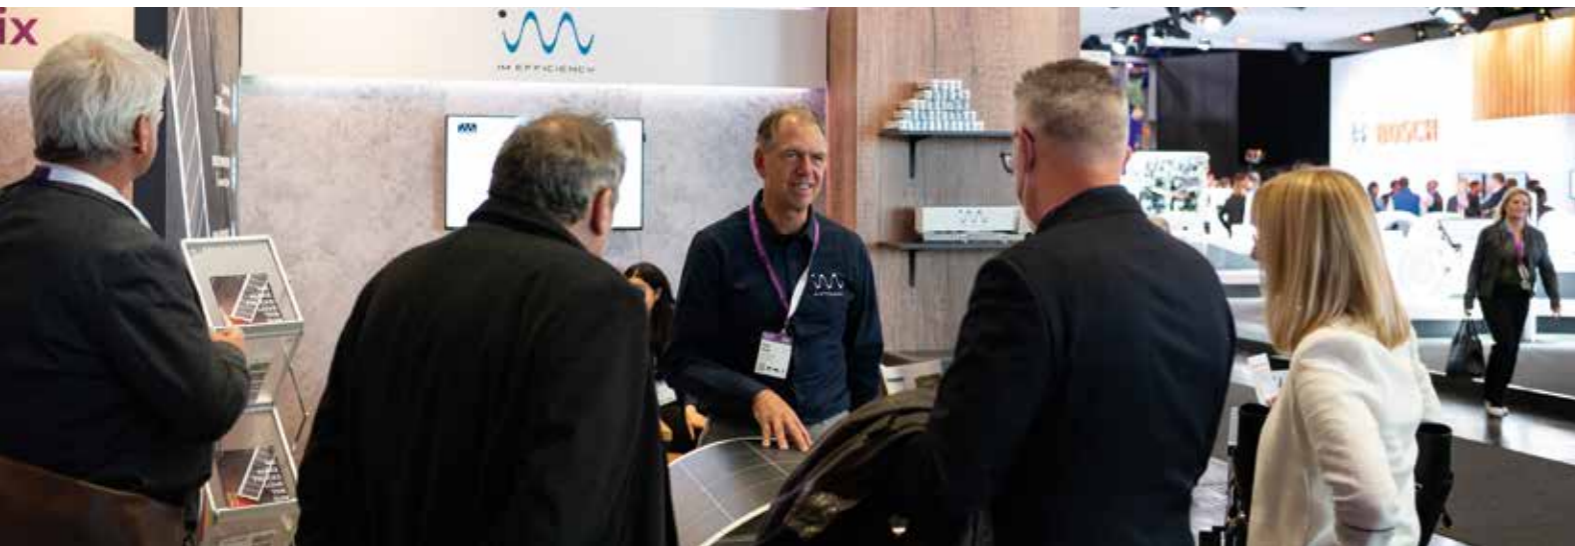

Internationale Startups haben die Möglichkeit, ihre Ideen und Produkte in **Halle 12** vorzustellen. Erleben Sie vor jedem Konferenzprogrammunkt auf der Industry Stage (**Halle 24**, nahe dem Eingang West 3 des Geländes) eine 2- bis 3-minütige Kurzvorstellung eines Startups. Am Donnerstagnachmittag, den 19. September 2024 ist auf der Main Stage eine Startup Diskussion mit anschließendem Get-Together geplant. Am Freitag haben alle Startups, die bereits seit sechs Jahren aktiv im Markt sind, die Möglichkeit, einen Slot auf der Industry Stage für Panels oder Präsentationen zu nutzen.

Zudem haben Startups die Chance beim prototype club teilzunehmen, dem Entwickler-Wettbewerb im Bereich Mobilität. Hier adressieren ausgewählte Industriepartner ihre Digitalisierungsherausforderungen zunächst in Form einer Challenge. Ausgewählte Teams und Startups stellen sich daraufhin der Herausforderung und entwickeln maßgeschneiderte Prototypen für reale Geschäftsmodelle. Die besten Teams werden im Rahmen einer Preisverleihung gekürt.

IAA TRANSPORTATION gives international startups the opportunity to present their ideas and products in **hall 12**. Visitors can view a 2- to 3-minute brief introduction of a startup before each item in the conference program on the Industry Stage (**hall 24**, near the West 3 entrance). On Thursday afternoon (September 19, 2024), a startup event will be held on the Main Stage with discussions followed by a get-together. That Friday, all startups who have been active in the market for at least six years will be able to get a slot on the Industry Stage for panels or presentations.

Startups will also have the opportunity to join the prototype club — the developer competition of the mobility sector. Select industry partners will discuss their challenges with digitalization in the form of a challenge. Certain teams and startups will then tackle the challenge and develop custom prototypes for real business models. The best teams will receive an award.

- Der **IAA China Day** am **18. September** von **10:00 Uhr bis 12:30 Uhr** im **Saal 1A** des **Convention Centers (CC)** erörtert die verschiedenen Perspektiven für die sino-deutsche Partnerschaft in verschiedenen Bereichen der Mobilität. Hier geben Ihnen Experten einen Einblick in die aktuelle Marktsituation in China und zukünftige Entwicklungen. Andererseits lädt Sie die Veranstaltung zum Netzwerken ein und bietet Ihnen die Gelegenheit, neue Kontakte zu knüpfen und neue Kooperationen einzugehen.
- Die **Nationale Radlogistik-Konferenz** ist der wichtigste jährliche Branchentreff der Radlogistik-Akteure. In ihrer **5. Version** am **18. September 2024** auf der **IAA TRANSPORTATION** stehen zentrale Themen im Fokus, die sich intensiv mit der Zukunft der Radlogistik auseinandersetzen und über ihre Stärkung und weitere Verbreitung diskutieren.
- Der Radlogistik Verband Deutschland, Schirmherr der Konferenz, bietet dem IAA-Publikum vor Konferenzstart außerdem eine kostenfreie Einführung in die Radlogistik.

- **IAA China Day** on **September 18** from **10:00 am to 12:30 pm** in **room 1A** of the **Convention Center (CC)** addresses the various opportunities for Chinese-German cooperation in different areas of mobility. Experts will provide insight into the current market situation in China as well as future developments. The event also invites you to network and gives you the chance to make new contacts and enter into new partnerships.
- The **Nationale Radlogistik-Konferenz** is the most important annual meeting for cycling logistics. The 5th conference — held at **IAA TRANSPORTATION** on **September 18, 2024** — will focus on core topics around the future of cycling logistics, with experts discussing how to strengthen and expand the industry.
- The Radlogistik Verband Deutschland, sponsor of the conference, will also give visitors to IAA a free introduction to cycling logistics.

EXPERT EVENTS

- Bei der Veranstaltung **Transfrigoroute** am **18. September um 10:00 Uhr im Saal 1B (im CC)** erhalten Sie eine umfassende Einführung in die Herausforderungen und Lösungsansätze für emissionsfreie und effiziente Kühltransporte.
- Beim **IAA India Day** am **18. September von 13:30 Uhr bis 16:00 Uhr im Saal 13/14 (im CC)** werden Ihnen neue Trends und Möglichkeiten im indo-deutschen Nutzfahrzeugsektor vorgestellt. Der Schwerpunkt liegt dabei auf der indo-deutschen Zusammenarbeit im Nutzfahrzeugsektor. Dabei werden Themen wie die Zusammenarbeit im Bereich der Elektromobilität, Batterietechnologie und die Entwicklung alternativer Kraftstoffe diskutiert.
- Am **Gefahrguttag** am **19. September um 09:30 Uhr im Saal 1 (im CC)** präsentieren Fachleute aus Wissenschaft, Politik und Industrie die aktuellen Entwicklungen im Gefahrgutrecht sowie die Erhöhung der Sicherheit von Gefahrgutfahrzeugen. Zusätzlich erhalten Sie aktuelle Informationen zur Sicherheitsforschung rund um die Beförderung von Lithiumbatterien, einschließlich Alterungsverhalten und Frühwarnsysteme.
- Die Veranstaltung **Ladungssicherung** am **20. September um 10:00 Uhr im Saal 1A (im CC)** thematisiert die Anwendung neuester Methoden beim Sichern und Laden von Gütern auf Fahrzeugen. Hier geben Ihnen Experten des Bundesverbands Güterkraftverkehr Logistik und Entsorgung (BGL) und der Verband der Automobilindustrie (VDA) Tipps zur angemessenen Ladungssicherung und ihrer kontinuierlichen Verbesserung.
- Visit the **Transfrigoroute** event at **10:00 am on September 18 in room 1B (CC)** for a comprehensive introduction to the challenges and possible solutions for emission-free and efficient refrigerated transport.
- New trends and opportunities in the Indian-German commercial vehicle sector, and the partnership in this sector between the two countries, will be presented at **IAA India Day on September 18 from 1:30 pm to 4:00 pm in room 13/14 (CC)**. Topics such as cooperation in the field of electrical mobility, battery technology, and the development of alternative fuels will be discussed.
- The **Dangerous Good Symposium** will begin at **9:30 am on September 19 in room 1 (CC)**, during which experts from the fields of science, policy, and industry will present the latest developments in laws concerning dangerous materials and increasing the security of vehicles that transport them. You can also learn about current security research with regard to the transportation of lithium batteries, including aging behavior and early warning systems.
- The **Securing Cargo** event on **September 20 begins at 10:00 am in room 1A (CC)**. It will address the use of state-of-the-art methods in securing and loading cargo in vehicles. Experts from the Bundesverband Güterkraftverkehr Logistik und Entsorgung (BGL) and the Verband der Automobilindustrie (VDA) will offer tips on how to properly secure cargo, and how these processes can be continuously improved.

Am IAA-Wochenende besuchen vermehrt Fahrerinnen und Fahrer, Handwerker und Familien das Gelände. Für diese wichtigen Besuchergruppen wird 2024 viel Entertainment und Spannendes geboten: Auch sie erhalten während der IAA TRANSPORTATION die Möglichkeit, in die Welt des Transport- und Logistiksektors einzutauchen und aktuelle Entwicklungen der Branche kennenzulernen. So findet am 21. und 22. September das Fahrer- und Familienwochenende statt.

Faszinierende Trucks — von Oldtimern, Renntrucks bis hin zu US Trucks — sind zu bestaunen und das offizielle Fahrerlager der Truck Racing Europameisterschaft zu besichtigen! Aktivitäten und Musikacts für Kinder sind geboten, aber auch Testfahrten in Lkws und Bussen, ganz ohne Führerschein, sind

möglich. Es geht nicht nur vorwärts, sondern auch in die Höhe - im weltweit einzig solarbetriebenen Riesenrad - kostenfrei für Besucher!

Partner und Aussteller bringen sich mit Aktionen für Kinder und Fahrer ein und sind Teil des Programms der Außenbühne, die neben dem Infotainment auch ein breites Musikangebot bereit hält.

Ein bunter Mix aus Entertainment, den neuesten Innovationen der Branche und kulinarischer Versorgung runden die IAA für Fahrer und Familien ab!

During the IAA weekend, more and more drivers, craftsmen and families will be visiting the grounds. There will be plenty of entertainment and exciting attractions for these important visitor groups in 2024: During the IAA TRANSPORTATION, they will also have the opportunity to immerse themselves in the world of the transport and logistics sector and learn about the latest developments in the industry. The Drivers' and Family Weekend will take place on September 21 and 22.

Marvel at fascinating trucks — from oldies and racing trucks from the USA — and see a paddock from the current Truck Racing European Championship! There are activities and music acts for children, as well as test drives in trucks and buses with no need for a driver's license.

It's not just forward, but also upwards — in the world's only solar-powered Ferris wheel — free for visitors!

Partners and exhibitors are involved with activities for children and drivers and are part of the program on the outdoor stage, which offers a wide range of music in addition to infotainment.

A colorful mix of entertainment, the latest innovations in the industry and culinary delights complete the IAA for drivers and families!

UNITY

CVG's Global Design & Development team are proud to introduce the all new **Unity product range**.

Unity is a range of air suspension and static driver and passenger seats for on highway commercial vehicle applications.

These include both conventional and cab over style medium and heavy-duty trucks, busses, delivery vans, RV's and minibuses.

Unity's state of the art modular architecture was designed to reduce costs whilst retaining the flexibility to customize the platform to suit the vehicle DNA.

The unique high volume air spring at the heart of Unity's design provides unparalleled vibration isolation performance, improving comfort, safety and working conditions for drivers.

UNITY

LIN/Bluetooth Compatible

- Touch Panel Control System
- LIN Connection to Vehicle Instrument Panel
- Remote Operation of Seat Features

Comfort Systems

- Single or Dual Zone pneumatic Lumbar
- Active Massage Option
- Shoulder Bolster Adjustment
- All Belt to Seat Systems

Heat and Cool

- Single & Multi Setting Heaters
- In-Foam Ambient Ventilation System
- Multi-Level Active Cooling

Fully Electronic Control

- Electronic Recline
- Electronic Full Seat Tilt
- Electronic Fore & Aft Adjustment
- In-Built Memory Feature

Suspension Performance

- 160mm Stroke via Air Dirven Suspension
- 180kg Weight Range
- Fixed/Adjustable Damper
- Integrated Fore & Aft Isolator

Please visit us in Hall 22, Stand E02 for a demonstration

Wichtige Hinweise

Der Katalog führt die bis zum Redaktionsschluss (01.08.2024) platzierten Aussteller auf. Danach erfolgende Änderungen und Ergänzungen werden, soweit sie bis zum IAA-Beginn eingehen, im digitalen Aussteller- & Partnerverzeichnis berücksichtigt. Für die Vollständigkeit und Richtigkeit der im Katalog enthaltenen Angaben sowie für die tatsächliche Anwesenheit der im Katalog aufgeführten Aussteller während der IAA kann keine Gewähr übernommen werden.

Alle Urheber- und Verwertungsrechte liegen beim Verband der Automobilindustrie e. V. Der Nachdruck, auch auszugsweise, sowie jede gewerbliche und sonstige Auswertung bedürfen der ausdrücklichen Zustimmung des Herausgebers. Jeder Haftungs- und Schadensersatzanspruch an den Verband der Automobilindustrie e. V. oder an die mit der Katalogherstellung beauftragte Druckerei ist bei fehlerhaften, unrichtigen oder versehentlich unterbliebenen Einträgen sowie bei unrichtigen Standnummern ausgeschlossen, gleichgültig, ob die Ursache in den Unterlagen des Ausstellers, verspäteter Einsendung oder in Fehlern bei der Katalogbearbeitung bzw. -herstellung liegt.

Important note

The catalog lists the exhibitors placed up to the editorial deadline (01.08.2024). Subsequent changes and additions will be taken into account in the digital exhibitor and partner portal, provided they are received by the start of the IAA. No guarantee can be given for the completeness and correctness of the information contained in the catalog or for the actual presence of the exhibitors listed in the catalog during the IAA.

All copyrights and usage rights are held by the German Association of the Automotive Industry (VDA). Reprints, including excerpts, as well as any commercial or other use require the express consent of the publisher. Any liability and damage claims against the German Association of the Automotive Industry (VDA) or the print shop commissioned to produce the catalog are excluded in the event of incorrect, inaccurate or inadvertently omitted entries, as well as in the event of incorrect stand numbers, irrespective of whether the cause lies in the exhibitor's documents, late submission or errors in catalog processing or production.
